Pakistan

Preface

This Sample National Bidding Document (SNBD) for Procurement of Goods, under National Competitive Bidding in Pakistan, using Single Stage: One Envelope (1S1E) Bidding Procedure reflects structure and provisions of Standard Procurement Documents (SPD/SBD), prepared by the multilateral development banks including WB and ADB. It is a Hybrid type of Bidding Document for Procurement of Goods (1S1E), for multiple use, either under Government funding as it considers Public Procurement Rules and Regulations of Federal Government, OR under WB or ADB financing as it also considers the latest procurement regulations of WB and ADB; while following the general Procurement Principles. The public procurement rules (PPR) referred in this bidding document and their respective references in provincial public procurement rules are reflected in the matrix below to enable the users in provincial jurisdictions to use these documents after due amendments to references.

This SNBD is applicable for National Competitive Bidding, by making choice out of ‘alternative provisions’ which are made for alternative applicable funding source: either Federal Government, OR Bank (WB or ADB) with the consent of the respective Bank as per its Project Financing Agreement with Economic Affairs Division, Government of Pakistan. Whereas, for International Competitive Bidding, under Government funding, the users may tailor this document; however, in case of funding by a Bank its respective SPDs/SBDs shall be used for International Competitive Bidding.

Sub-Rule 23 (4) of the Public Procurement Rules, 2004, read “Procuring agencies shall use standard bidding documents as and when notified by regulation by the Authority: Provided that bidding documents already in use of procuring agencies may be retained in their respective usage to the extent they are not inconsistent with these rules and till such time that the standard bidding documents are specified by regulations.” Procuring agencies of the GOP kept using their bidding documents by removing inconsistencies with the rules, in the absence of any standard form of bidding document at the national level for procurement of Goods, after notification of the rules.

Subsequently, Pakistan Engineering Council (PEC) “Standard Form of Bidding Document for Procurement of Goods, 2010” also remained in use by the procuring agencies in Pakistan. On 25 February 2022, PPRA notified its National Standard Procurement Document for Procurement of General Goods; for national / international competitive bidding under S.R.O.370(I)/2022; The same PPRA document since prepared in December 2021 was re-notified by PPRA on 20th July, 2022, under S.R.O.1074(I)/2022. The PPRA document, meant for NCB and ICB, is applicable under “Single Stage or Single Stage Two Envelop Procedure”.

However, the PPRA’s and PEC’s above said documents don’t provide exclusive section for Evaluation and Qualification Criteria to comply with items (i) and (j) of Sub-Rule 23 (2) of the Public Procurement Rules (though these Criteria are implicitly / potentially in-built elsewhere). This SNBD provides an exclusive section for Evaluation and Qualification Criteria. Regarding ‘eligible source countries’, an instruction is added in this SNBD at the end of Section I (ITB) besides inserting this requirement in relevant conditions of contract under Section VI (GCC) of this SNBD. Provision is also made in this SNBD for ‘Integrity Pact’ and ‘Declaration of Beneficial Owners Information’ under Public Procurement Rules and Regulations.

Guidance Note for Users of this Document

Whereas the deviation between procurement regulations of WB and ADB is not substantial; and preparing a harmonized Bidding Document for the two would be simple. However, the Federal legal procurement regime of Pakistan poses substantial deviation from regulations of the two Banks that made it a bit challenging to prepare a common Bidding Document for the three. Further, the Provincial procurement regimes in: Punjab, Sindh, KPK, Balochistan and Gilgit-Baltistan as well as AJK don't coincide either with that of Federal or with each other; that would have made it too complicated to prepare a common document for all, that might be incomprehensible for the Users.

Therefore, this document is prepared with 'alternative provisions', compiled for multiple application under Federal Government funding or WB / ADB funding. Since ADB procurement regulations (2017) allowed, under its 'Alternate Procurement Arrangements', to rely on the procurement rules and procedures applied by an agency or entity of the borrower accredited by ADB, on certain conditions; so, the conditions have also been taken care of. This document reflects harmony under some provisions between WB and ADB for funding as a Bank, and harmony under other provisions between ADB and Government for application of national procurement rules and procedures; that required some more contemplating over the task of drafting a (three in one) master document.

The 'alternative provisions refer to funding source(s), for making a choice, at various places in all the Sections of this document. The Users are advised to delete the uncalled-for alternative provisions or insert the expression "N/A", as appropriate to customize it as National Bidding Document (NBD) for application under any given funding source. The said places are listed below along with the contents that hint for the choices. Whereas, Provincial organizations need to amend this document by revisiting their Procurement Rules to make required changes; wherever their Rules deviate from that of the Federal Government.

(i) *The SCC stipulates the payment schedule specified by the Purchaser. If a Bid deviates from the schedule and if such deviation is considered acceptable to the Purchaser, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in the SCC, at the rate per annum [insert adjustment rate].*

2.2. Multiple Contracts (ITB 34.4)

If in accordance with ITB 1.1, Bids are invited for individual lots or for any combination of lots, the contract will be awarded to the Bidder or Bidders offering a substantially responsive Bid(s) and the lowest evaluated cost to the Purchaser for combined lots, after considering all possible combination of lots, subject to the selected Bidder(s) meeting the required qualification criteria (Sub-Section 3 of this Section III) for a lot or combination of lots as the case may be.

In determining Bidder or Bidders that offer the total lowest evaluated cost to the Purchaser for combined lots, the Purchaser shall apply the following steps in sequence:

- (a) evaluate individual lots to determine the substantially responsive Bids and corresponding evaluated costs;
- (b) for each lot, rank the substantially responsive Bids starting from the lowest evaluated cost for the lot;
- (c) apply to the evaluated costs listed in b) above, any applicable discounts/price reductions offered by a Bidder (s) for the award of multiple contracts based on the discounts and the methodology for their application offered by the respective Bidder; and
- (d) determine contract award on the basis of the combination of lots that offer the total lowest evaluated cost to the Purchaser.

2.3. Alternative Bids (ITB 13.1) NOT APPLICABLE

An alternative if permitted under ITB 13.1, will be evaluated as follows:

[insert one of the following]

“A Bidder may submit an alternative Bid only with a Bid for the base case. The Purchaser shall only consider the alternative Bids offered by the Bidder whose Bid for the base case was determined to be the Most Advantageous Bid.” **OR**

“A Bidder may submit an alternative Bid with or without a Bid for the base case. The Purchaser shall consider Bids offered for alternatives as specified in the Technical Specifications of Section V, Schedule of Requirements. All Bids received, for the base case, as well as alternative Bids meeting the specified requirements, shall be evaluated on their own merits in accordance with the same procedures, as specified in the ITB 34.”

2.4. Margin of Preference (ITB 33) NOT APPLICABLE

[Applies only in case of government funding. Similarly, for off- the- shelf Goods, normally not applicable, in which case delete this provision]

If the Bid Data Sheet (BDS) so specifies, the Purchaser will grant a margin of preference to goods manufactured in Pakistan for the purpose of Bid comparison, in accordance with the procedures outlined in subsequent paragraphs; subject to Ministry of Commerce, Government of Pakistan S.R.O.827(I)/2001.

Substantially responsive Bids will be classified in one of three groups, as follows:

- (a) **Group A:** Bids offering goods manufactured in Pakistan, for which (i) labor, raw materials, and components from within Pakistan account for (I) minimum of twenty (20) percent, OR (II) over twenty (20) percent and up to thirty (30) percent, OR (III) over thirty (30) percent of the EXW price;

and (ii) the production facility in which they will be manufactured or assembled has been engaged in manufacturing or assembling such goods at least since the date of Bid submission: Provided that:

- (1) the saving in foreign exchange is not less than the amount of price preference; and
 - (2) it is ensured that in each case of such preference, the total import requirements for producing the supplies tendered for locally manufactured items has been duly indicated by the bidders;
- (b) **Group B:** All other Bids offering Goods manufactured in Pakistan;
- (c) **Group C:** Bids offering Goods manufactured outside Pakistan that have been already imported or that will be imported.

To facilitate this classification by the Purchaser, the Bidder shall complete whichever version of the Price Schedule furnished in the bidding document is appropriate provided, however, that the completion of an incorrect version of the Price Schedule by the Bidder shall not result in rejection of its Bid, but merely in the Purchaser's reclassification of the Bid into its appropriate Bid group.

The Purchaser will first review the Bids to confirm the appropriateness of, and to modify as necessary, the Bid group classification to which Bidders assigned their Bids in preparing their Bid Forms and Price Schedules.

The Bids in each group will then be compared to determine the Bid with the lowest evaluated cost in that group. The lowest evaluated cost Bid from each group shall then be compared with each other and if as a result of this comparison a Bid from Group A or Group B is the lowest, it shall be selected for the award.

If as a result of the preceding comparison, a Bid from Group C is the lowest evaluated cost, all Bids from Group C shall be further compared with the Bid with the lowest evaluated cost from Group A after adding to the evaluated costs of goods offered in each Bid from Group C, for the purpose of this further comparison only, an amount equal to [(I) 15% (fifteen percent) OR (II) 20% (twenty percent) OR (III) 25% (twenty five percent), respectively as per three categories given under sub-paragraph (a) herein above] of the respective CIP Bid price for goods to be imported and already imported goods. Both prices shall include unconditional discounts and be corrected for arithmetical errors. If the Bid from Group A is the lowest, it shall be selected for award. If not, the lowest evaluated cost from Group C shall be selected.

3. Qualification of Bidder (ITB 37)

PROJECT DESCRIPTION / TERMS OF REFERENCE / SCOPE OF WORK

1. BACKGROUND:

The Government of Khyber Pakhtunkhwa (GoKP), with financial assistance from the World Bank under the Khyber Pakhtunkhwa Human Capital Investment Project (Health Component), aims to improve the availability, quality, and utilization of Primary Health Care (PHC) services across the province.

The Project focuses on strengthening service delivery at Basic Health Units (BHUs), Rural Health Centers (RHCs), and Category C/D Hospitals in the four project districts — Haripur, Nowshera, Peshawar, and Swabi — and sixteen flood-affected districts. These interventions are intended to ensure that health facilities meet minimum functional standards for service delivery as outlined in the KP Minimum Health Services Delivery Package (MHSDP) and Essential Health Services Package (EHSP).

To enhance the functionality, efficiency, and patient experience at healthcare facilities, the project will support the provision, delivery, and installation of standardized furniture (administrative, clinical, and patient-use) in all targeted health facilities.

Key project results include:

- Improved physical readiness of PHC facilities for quality service delivery.
- Standardized and durable facility furniture supporting continuity of clinical and administrative operations.

Climate-resilient, user-friendly, and disability-inclusive infrastructure aligned with provincial health standards.

2. TASK DESCRIPTION:

The selected bidder (Supplier) shall be responsible for the supply, delivery, and installation of furniture items as per the technical specifications provided in the Annexure (Specifications) and Schedule of Requirements (SOR) of the RFB document. The key responsibilities include:

- Conduct minor assembly or anchoring where required (e.g., bolted cupboards, fixed racks, or mounted boards).

- Remove packing materials and leave facilities in clean condition post-installation.
3. **Quality and Standards:**
 - All furniture shall be made of durable materials (solid wood, steel, or composite material) meeting standard hospital use requirements.
 - Finishing shall be smooth, moisture-resistant, termite-proof, and compliant with environmental safety standards.
 - All items shall carry a minimum one-year warranty against manufacturing defects.
 4. **Delivery Schedule:**
 - Complete delivery and installation within **six (6) months** from signing of the contract.

 - Obtain end-user certification from the designated KP-HCIP representative or facility focal person.

3. RESPONSIBILITIES OF KP-HCIP HEALTH DEPARTMENT

The KP-HCIP Health Department shall:

4. Process payments upon submission of complete invoices and inspection reports.
5. Provide utilities, access, and basic storage space (if required temporarily) during delivery and installation.

Attachment: Price Adjustment Formula (Not Applicable)

If in accordance with GCC / SCC 15.2, prices shall be adjustable, the following method shall be used to calculate the price adjustment:

- 15.1 Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$P_1 = P_0 \left[a + \frac{bL_1}{L_0} + \frac{cM_1}{M_0} \right] - P_0$$

and $a + b + c = 1$

in which:

- P_1 = adjustment amount payable to the Supplier.
 P_0 = Contract Price (base price).
 a = fixed element representing profits and overheads included in the Contract Price and generally in the range of five (5) to fifteen (15) percent.
 b = estimated percentage of labor component in the Contract Price.
 c = estimated percentage of material component in the Contract Price.
 L_0, L_1 = labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively.
 M_0, M_1 = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The Bidder shall indicate the source of the indices, and the source of exchange rate (if applicable) and the base date indices in its Bid.

The coefficients a , b , and c as specified by the Purchaser are as follows:

- $a = [insert\ value\ of\ coefficient]$
 $b = [insert\ value\ of\ coefficient]$
 $c = [insert\ value\ of\ coefficient]$

Base date = thirty (30) days prior to the deadline for submission of the Bids.

Date of adjustment = $[insert\ number\ of\ weeks]$ weeks prior to date of shipment (representing the mid-point of the period of manufacture).

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

- (a) No price adjustment shall be allowed beyond the original delivery dates. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. The Purchaser will, however, be entitled to any decrease in the prices of the Goods and Services subject to adjustment.
- (b) If the currency in which the Contract Price P_0 is expressed is different from the currency of origin of the labor and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall be: Z_0 / Z_1 , where,

Z_0 = the number of units of currency of the origin of the indices which equal to one unit of the currency of the Contract Price P_0 on the Base date, and

Z_1 = the number of units of currency of the origin of the indices which equal to one unit of the currency of the Contract Price P_0 on the Date of Adjustment.

- (c) No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
